CUSHOTRAC® Clamp[ON]™

PAD SIZES UP TO 900MM

*Refer to terms & conditions at www.superiortire.com

CUSHOTRAC® Clamp[ON]™ track pads offer quick surface protection for any steel tracked equipment utilizing triple bar grouser shoes. The adaptable-fit mounting design of the Clamp[ON]™ requires no track modifications or drilling, and a full set can be installed in just 2-4 hours.

Eliminate Pad "Rattle"

Reduce unwanted noise and loose pads with ACS™ (Active Clamping System) which forces the dual clamps to continuously tighten to the grouser shoe.

Tread Material Options

Proprietary extended wear-life polyurethane compound or premium high traction rubber compound.

Active Clamping System™
Dual Clamping Mechanism

Get It Faster

American made means orders typically ship within 72hrs and arrive within a few days, not weeks.

ADAPTIVE FIT & EASIEST INSTALL.

Applications:

Rubber CUSHOTRAC® Clamp[ON]™ track pads work best on:

- Smooth Concrete
- Asphalt/Pavement

They are not recommended for use in:

- Standing water or mud
- Rough/jagged rock or broken concrete
