# CUSHOTRAC® HD™ BOLT ON MOLD-ON

\*Refer to terms & conditions at [www.superiortire.com](http://www.superiortire.com)

CUSHOTRAC® HD™ BOLT-ON and MOLD-ON track pads, made with premium rubber or polyurethane compounds, are engineered to reduce noise, increase traction, and prevent surface damage caused by heavy-duty equipment like cranes, excavators, side booms, dozers, and more. With multiple mounting styles tailored to your needs.

## Heavy Duty Track Pad Applications

Excavators

Cranes

Side Booms & Dozers

## Rubber VS. Polyurethane: What's the Difference?

### Rubber

- Excellent Traction
- Lower Upfront Cost
- Normal Wear-Life

### Polyurethane

- Lasts 2-3x Longer than Rubber
- Lowest Cost Per Hour
- Highest Cut & Tear Resistance

**APPLICATION WARNING:** Track pads are not recommended for use in standing water or muddy conditions.

## Multiple Mounting Options

Bolt-To-Shoe (Bolt-On) for Single, Double, or Triple Bar Grouser shoes. Molded (Mold-On) which is a one piece pad & grouser shoe that bolts directly to the chain, reducing hardware and install time.

## Engineered for the Toughest Applications

Made with premium rubber or polyurethane compounds designed for heavy duty applications.

## Available In Lengths Up To 900mm

Engineered to fit perfectly on any style grouser shoe and any type of equipment.

## American Made

Made in Pennsylvania, USA, engineered alongside OEMs and operators for over 50 years ensures you're getting the best pads at the best price, directly from the manufacturer.
